*Our line is the largest of its kind made by any single manufacturer in the United States to-day.*

*We give particular attention to the selection of our veneers. the figure effects o' our Oak and Mahogany pieces are very fine, and we doubt if they could be matched outside of ourselves.*

*The workmanship and finish of our goods is brought up to the highest standard of perfection.*

*Write for Catalogs and prices, will be glad to mail them to you.*

*A mail order will receive just as great care and prompt attention as if taken through one of our salesmen.*

## CHAMBER AND DINING ROOM FURNITURE.

*Suits, Dressers, Chiffoniers, Dressing Tables, Sideboards and Buffets. Ours is the largest Chamber Suite Factory in the world and our line is confined strictly to low prices and medium grade goods.*

*We have a great variety of patterns in both light and heavy weight goods. We make Suits ranging in price from \$12 to \$100, Dressers and Chiffoniers from \$5.00 to \$50.00, Sideboards from \$9.00 to \$75.00.*

*Our designs in low priced and medium grade goods are unequalled. Our prices are extremely low for the quality of the goods, as is evidenced by the fact that we have a larger volume of business in the United States.*

*Our new catalog will be ready for distribution about April 1st. We shall be glad to receive your inquiries and shall be pleased to send you catalog upon application.*

My New York Sales-  
 room is at 13 East 16th  
 St., where samples of my  
 line may be inspected.

My factory is located  
 in the hardwood belt of  
 the Catskills, of which I  
 own more than 7,000  
 acres. Have my own saw  
 mills and am therefore  
 first hand, saving to my  
 customers lumbermen's

and lumber dealers' prof-  
 its.

A corps of draughts-  
 men are in attendance at  
 my New York office  
 ready at all times to  
 make special designs for  
 any and all kinds of cab-  
 inet work and special fi-  
 tures. Plans, sketches  
 and estimates furnished  
 upon request without  
 charge

*We have spent a short life time in making Bentwood Chairs. We challenge the world to make Bentwood Base-Rocking Chairs equal to ours and sell them at so low a price. Positively no glue joints. Artistically designed in both reed and leather*

*We make genuine twisted (not turned) woods for Balustrades, Palace Car and House-finish material, Table legs, Office fixtures, Bedstead material, and bent stock for all purposes.*

*We are in the "Heart" of the Oak and Hickory district of the south. Low priced labor and material. \$125,000 plant.*

*Let us know your wants.*

*Crown Lacing—genuine Raw Hide Lacing—guaranteed for quality and measurement. Will stand warm, moist climate and far more enduring than the ordinary Lacing sold on the market. The ordinary white lacing almost always seen, although called a rawhide, is not a genuine rawhide.*

*Hercules lacing—this is the best of the ordinary white so-called raw-hides and is very carefully selected. It is surpassed only by the Crown process.*

*Crown Tanned Lacing—a choice tanned lacing.*
